— —Socks 4 St. Louis Nears Goal of Delivering 2,026 Care Packages in 2026— —

St. Louis, Missouri — June 11, 2026

Socks 4 St. Louis is approaching a major milestone: delivering 2,026 care packages to individuals experiencing homelessness and hardship by the end of 2026. This ambitious initiative, known as 2026 in 2026, reflects the organization's commitment to meeting urgent needs with dignity, consistency, and compassion.

“We’re deeply grateful for every sponsor, donor, and volunteer who has helped us move toward this goal,” said Archie Wayne III, founder of Socks 4 St. Louis. “Each care package represents a moment of relief for someone navigating an incredibly difficult chapter of life.”

As part of its long-term vision, Socks 4 St. Louis is developing The Socks 4 St. Louis Garden, a multi-functional space designed to grow edible crops and flowers while serving as a wellness and gathering area for community members. The garden will support both food access and emotional well-being, reinforcing the organization's mission to uplift the whole person.
