SCAN ME

ST. LOUIS, MISSOURI, MARCH 11th, 2024

2024 IN 2024

Thanks to our amazing sponsors and donations, we are already drawing near to **our goal** of providing 2,024 care packages to the homeless and less fortunate for the year of 2024. This has been an amazing year so far and when we meet that 2,024 goal, we have no plans of slowing down. We plan on being part of that guiding light leading the less fortunate out of dire circumstances for many years to come.

The Socks 4 St. Louis Garden

Rather it comes from the L.R.A., one of our wonderful sponsors, or a private donation we are looking for a plot of land in the St. Louis City area to call our first Socks 4 St. Louis Garden home! We plan to make the space multi-functional in the sense that it will grow both edible crops as well as sunflowers, roses and other flowers to beautify the space. It will also serve as a wellness space for mental health, and we will hold similar functions at this space a well.

All questions & comments can be directed to Archie Wayne III

at the contact information above.
